#### SAYS MINES KEEP OUT OF POLITICS

ENVER, Cole, Feb. 11 .- "Saloons keem to us a necessity in mining camps," declared John C. Osgootl, chairman of the board of directors of the Victor-American Fuel company in cross examination today before the thouse subcommittee investigating the Colorade coal mingra strike. The coal operator was questioned by E. P. Costigan, attorney for the Strikers, regarding the charge in a recent report of a fedural grand jury at Pueblo, that the companies run saloons on their properties.

crites.
"I cannot speak for the other companies, but we regulate the saloons in our
campa." replied Mr. Osgood. "They
seem to us a necessity in mining campa.
In two of our mines, as an experiment,
we transformed the saloons into clubs
with reading rooms and other conventences. We also prohibited treating.
We found that at those camps, on an
average, the miners apent about \$5.00
per mouth less each for liquor than
those at other mines. At Redstone,
one of those two camps. I never saw
a drunken man in five or six years,
although men were drinking constantby."

The witness told of an anarchist sa-on which he said was run by enemies on which he said was run by enemies the mine owners in Aguilar canyon. I maid that a red flag with a bowie life on it floated over the saloon. Mr. Coetigra asked the witness about litical conditions in southern Colodo. Mr. Osgood denied any knowled of political activity by the mine mers. He emphatically disavowed rection by himself in influencing litics.

The witness told of the importation strike freakers being delayed by governor's order against bringing men. He said that the company I hired no man except on contracts by stated plainly that a strike was

Questioned sharply about conditions under union contracts, Mr. Osgood declared that E. G. Bettis, an operator in Freemont county, signed a contract with the United Mine Workers of America at the beginning of the present strike.

ent strike.

"Some time later there was a strike at his mine and he had to begin all over again with nonunion miners. It is my belief that this second strike was called by the United Mine Workers because Mr. Bettis had complained of the conditions under which his mine was operated after he had signed with the union. The United Mine Workers have a habit of making an example of any operator who complains."

Two striking copper miners testified Thursday before the congressional committee that they had worked two fall months underground under the contract and that at that time they found they owed the company more than their wages for supplies, benefits and rents.

William Kumplet said he worked 20 shifts at the North Kearsarge mine in 1203 and on payday he was informed according to the testimony.

Is a smell like that?

Taste, sight and smell all have an influence upon discession. If one cars something that does not taste good can retards the work of digestion because the hilces necessary to digest the thing eaten will not flow in correct proportion.

On the other hand, good food will always excite the taste through actual contact with the food in the mouth or through the sight or sense of smell, unders the stormach knows that it cannot alters it.
